

DENNERLE

The new

Nano Cubes & Nano Tanks

Nature at home

Nano & Cubes & Tanks

Modern and compact design combined with tradition and quality. This is what the Dennerle aquaria with the Nano Cubes and Nano Tanks stand for.

The compact design makes it possible to experience a piece of nature in your own home, even in a small space. A visual highlight for any room, this is not least due to the rounded edges that allow a panoramic view of the aquarium. Our sets offer combinations of technique and substrate and are optimally adapted to the needs of beginners.

All aquaria now with
starter guide !

Nano Cube

Nano Cube 10 L

Cover panel
Underlay
Scaper's Back background foil
Starter guide

Order no.: 5575
Measures: 20 x 20 x 25 cm

Nano Cube 20 L

Cover panel
Underlay
Scaper's Back background foil
Starter guide

Order no.: 5576
Measures: 25 x 25 x 30 cm

Nano Cube 30 L

Cover panel
Underlay
Scaper's Back background foil
Starter guide

Order no.: 5577
Measures: 30 x 30 x 35 cm

Nano Cube 60 L

Cover panel
Underlay
Scaper's Back background foil
Starter guide

Order no.: 5578
Measures: 38 x 38 x 43 cm

Nano Cube

White Glass

Extra clear glass for rich colors and the best visibility. With a lower iron content, the result is a spectacular glass that makes any room shine. **The Nano Cube 30L White Glass!**

Nano Cube White Glass, 30 L

Cover panel (Float Glass)
Underlay
Scaper's Back background foil
Starter guide

Order no.: 3928
Measures: 30 x 30 x 35 cm

Nano Tank

They are wider and even much deeper! The Dennerle Nano Tank was characterized by the aquascaping scene, this resulted in completely new proportions. With the wide front, the depth and lower height, the set-up can be placed to create a sense of depth, making the experience even more convincing.

Nano Tank 35 L

Starter guide

Order no.: 3931
Measures: 50 x 39 x 36 cm

Nano Cube BASIC

Nano Cube Basic our technical set with filter and lighting. This is the easy way to get started with a free choice of substrate, no matter if light sand or deep black gravel is preferred. Compared to conventional aquarium sets we rely on good technology from the beginning. With good light and sufficient filtration, even well planted aquariums are no problem!

Nano Cube BASIC, 20 L

Lighting:
Chihiros C 251
Filter:
Corner Filter 40

Order no.: **3304**
Measures: **25 x 25 x 30 cm**

Nano Cube BASIC, 30 L

Cover panel
Underlay
Scaper's Back background foil
Starter guide

Lighting:
Chihiros C 251
Filter:
Corner Filter 40

Order no.: **3305**
Measures: **30 x 30 x 35 cm**

Nano Cube BASIC, 60 L

Cover panel
Underlay
Scaper's Back background foil
Starter guide

Lighting:
Chihiros C 361
Filter:
Corner Filter 60

Order no.: **3306**
Measures: **38 x 38 x 43 cm**

Nano Cube COMPLETE

Without compromise, our Complete Sets include everything you need to start a new aquarium. In addition to lighting, internal filter und starter guide, these sets also contain a thermometer, Deponit Mix Black and black shrimp gravel.

Nano Cube COMPLETE, 20 L

Cover panel
Underlay
Scaper's Back background foil
Starter guide

Lighting:
Chihiros C 251
Filter:
Corner Filter 40
Substrate:
Deponit Mix Black, 2 kg
Gravel:
Shrimp Gravel, Sulawesi, Black, 1 kg
Thermometer

Order no.: **3307**
Measures: **25 x 25 x 30 cm**

Nano Cube COMPLETE, 30 L

Cover panel
Underlay
Scaper's Back background foil
Starter guide

Lighting:
Chihiros C 251
Filter:
Corner Filter 40
Substrate:
Deponit Mix Black, 4 kg
Gravel:
Shrimp Gravel, Sulawesi, Black, 2 kg
Thermometer

Order no.: **3308**
Measures: **30 x 30 x 35 cm**

Nano Cube COMPLETE, 60 L

Cover panel
Underlay
Scaper's Back background foil
Starter guide

Lighting:
Chihiros C 361
Filter:
Corner Filter 60
Substrate:
Deponit Mix Black, 6 kg
Gravel:
Shrimp Gravel, Sulawesi, Black, 3 kg
Thermometer

Order no.: **3309**
Measures: **38 x 38 x 43 cm**

Nano Cube

COMPLETE SOIL

Full fertilizing power right from the start. The Complete Soil Set contains our high-performance powerful Scaper's Soil instead of the long-term nutrient substrate Deponit Mix Black. The advantage is the immediate and strong availability of nutrients, so that all plants can start growing right away.

Lighting:
Chihiros A II 501
Filter:
Corner Filter 100

Order no.: **3316**
Measures: **50 x 39 x 36 cm**

Technique

Corner Filter

- Compact internal filter for freshwater aquaria**
- Smooth and quiet operation
 - Easy to use and easy to clean
 - Water flow infinitely variable
 - Filter outlet rotatable by 90 °
 - Filter can be operated in horizontal or vertical position

Corner Filter 40

Filter capacity: 150 l/h
Power consumption: 2 W
Up to aquarium size: 40 L

Corner Filter 60

Filter capacity: 150 l/h
Power consumption: 2 W
Up to aquarium size: 60 L

Corner Filter 100

Filter capacity: 390 l/h
Power consumption: 5,1 W
Up to aquarium size: 100 L

Trocal Power LED 5.0

- LED for freshwater aquaria**
- Flat and modern design
 - LED module embedded in an aluminum housing
 - Bright and natural light
 - Developed for best plant growth
 - Safe due to low voltage

Luminous flux: 500 lm
Color temperature: 6.500 k
Dimensions: 23 x 19 x 6,4 cm
Voltage: AC 100 - 240 V 50/60 Hz
Power: 5 W

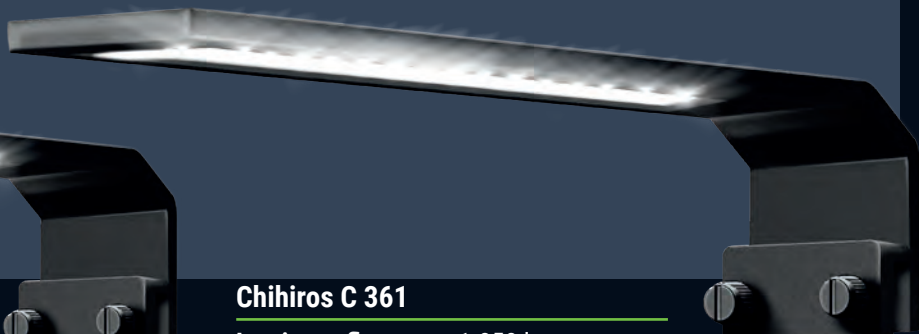

Chihiros C -Serie

Chihiros C 251

Luminous flux: 1.150 lm
Color temperature: 8000 k
Dimensions: 4 x 21 x 5,5 cm
Voltage: AC 100 - 240 V 50/60 Hz
Power: 10 W

Chihiros C 361

Luminous flux: 1.850 lm
Color temperature: 8.000 k
Dimensions: 4 x 31 x 5,5 cm
Voltage: AC 100 - 240 V 50/60 Hz
Power: 18 W

Chihiros A -Serie

Chihiros A II 401

Luminous flux: 1.700 lm
Color temperature: 8.000 k
Dimensions: 1 x 40 x 6,7 cm
Voltage: AC 100 - 240 V 50/60 Hz
Power: 15 W
App support: Yes

Chihiros A II 451

Luminous flux: 1.950 lm
Color temperature: 8.000 k
Dimensions: 1 x 45 x 6,7 cm
Voltage: AC 100 - 240 V 50/60 Hz
Power: 21 W
App support: Yes

Chihiros A II 501

Luminous flux: 2.060 lm
Color temperature: 8.000 l
Dimensions: 1 x 50 x 6,7 cm
Voltage: AC 100 - 240 V 50/60 Hz
Power: 23 W
App support: Yes

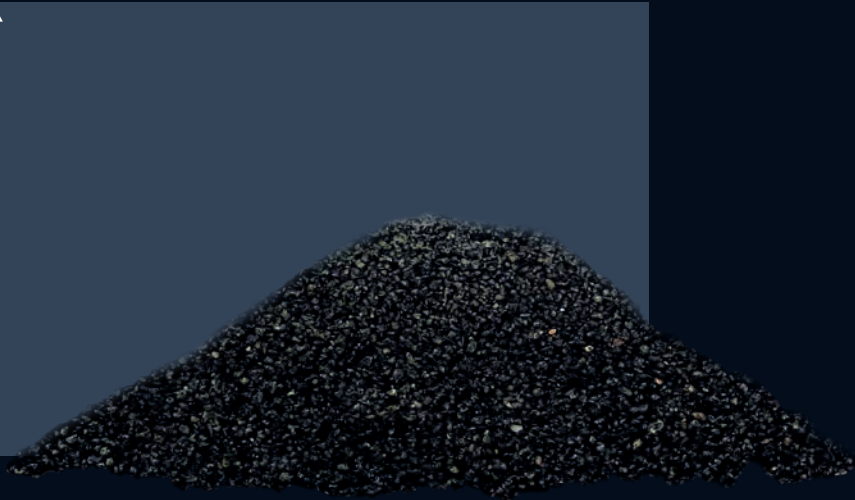

Substrate

Deponit Mix Black

Multimineral nutrient substrate for freshwater aquaria

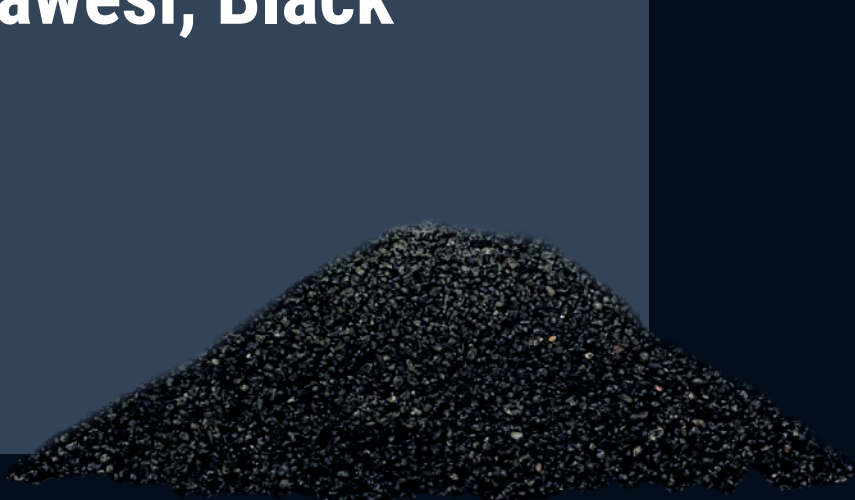

- Long-term nutrient supply for at least 8 years
- With all essential nutrients, minerals and trace elements
- Matches black gravel
- For safe rooting and a strong root development
- For healthy, strong plant growth

Shrimp Gravel Sulawesi, Black

Shrimp gravel for freshwater aquaria

- Natural look
- Free from harmful substances
- Protection for bottom dwelling fish due to rounded edges (grain size 0.7 – 1.2 mm)
- Light-resistant
- CO2 resistant and hardness-neutral

Scaper's Soil

Active substrate for freshwater aquaria

- Nutrient supply and substrate in one
- Contains all essential minerals and trace elements
- With fertile volcanic soil (Andosol)
- With a Bio-filter function for healthy clear water
- Actively creates soft, slightly acidic water
